## Safeguarding Adults Review Group Terms of Reference

### **East Riding Safeguarding Adults Board version control template.**

All documents produced by the East Riding Safeguarding Adults Board support function, whether electronic or hard copy will be uniquely identifiable. In many instances, it is necessary to track the changes that occur to a document throughout the document's development and subsequent revision(s). Version Control is the management of multiple revisions of documents via the use of a Document Control Sheet and Version Numbering incorporated into each document name.

The Version numbering system to be used by the East Riding Safeguarding Adults Board is the system that is based on the use of version numbers with points to reflect major and minor changes to a document.

The version number of a document in a draft format will start at 0.1 reflecting its draft status and then progress through revision by incrementing the number to the right of the point. The version number will convert to 01.0 upon the document/record receiving all required approvals, and deemed ready for publishing.

When the document has been approved and authorised ready for publishing the version number will start at 01.0, and the number will only be modified after the first minor amendment to become 01.1. A major revision to the document will result in the number to the left of the point incrementing by one and the number to the right of the dot point will return to zero e.g. 02.0.

## **1 Introduction**

- 1.1 These terms of reference are intended to enable the East Riding Safeguarding Adults Board to deliver its responsibilities set out within the Care Act 2014 and in particular section 14 of the statutory guidance that accompanies the act.
- 1.2 The guidance states that Safeguarding Adults Boards (SAB's) **must** arrange a Safeguarding Adult Review (SAR) when an adult in its area dies as a result of abuse or neglect, whether known or suspected and there is concern that partner agencies could have worked more effectively to protect the adult.
- 1.3 SABs must also arrange a SAR if an adult in its area has not died but the SAB knows or suspects that the adult has experienced serious abuse or neglect. In the context of SAR's, something can be considered serious abuse or neglect where for example the individual would have been likely to have died but for an intervention, or has suffered permanent harm or has reduced capacity or quality of life (whether because of physical or psychological effects). SAB's are free to arrange for a SAR in any other situations involving an adult in its area with needs for care and support.
- 1.4 The SAB should be primarily concerned with weighing up what type of 'review' process will promote effective learning and improvement action to prevent future deaths or serious harm occurring again. This may be where a case can provide useful insights into the way organisations are working together to prevent and reduce abuse and neglect of adults. SAR's may also be used to explore examples of good practice where this is likely to identify lessons that can be applied to future cases.
- 1.5 The remainder of this document sets out the framework within which the Safeguarding Adults Review Group will operate, the more detailed process is set out within the Safeguarding Adults Review & Learning Toolkit.

## **2 Purpose.**

- 2.1 The purpose of the Safeguarding Adults Review Group is, on behalf of the Safeguarding Adults Board, to deliver those responsibilities relating to 'Safeguarding Adult Reviews' set out within the statutory guidance that accompanies the Care Act 2014.

## **3 Overarching Objectives:**

1. Establish whether there are lessons to be learned from cases under review, about the way in which local professions and agencies worked together to safeguard adults in vulnerable situations.
2. Establish what those lessons are, how they will be acted upon and what is expected to change as a result.
3. Improve inter-agency working and better safeguarding of adults in vulnerable situations.

4. Enable effective communication with all stakeholders to ensure the learning is widely disseminated and family members are informed and involved in the way they wish to be.
5. Secure compliance with the East Riding Safeguarding Adults Case Review & Learning Toolkit.

#### **4 Specific Responsibilities:**

1. Screen and consider safeguarding adult review requests against the agreed criteria set out in the Care Act 2014 and the ERSAB Safeguarding Adult Review Learning & Development Toolkit and make recommendations on the need for a SAR.
2. The Chair of the Safeguarding Adults Review group makes the recommendation on behalf of the SARG to the Independent Chair of the Safeguarding Adults Board about whether a case, in its opinion, meets the agreed criteria for a review and proposes the type of review considered most appropriate.
3. The **Independent Chair of the Safeguarding Adults Board** will make the **final decision** to hold a review, including the decision on the type of review. This is the case for **all** types of review.

The SARG will:

4. Decide who will make up the multi-agency review team
5. Confirm back to initial referrer who requested a review on the outcome of the request.
6. Decide what initial information is required from each agency involved.
7. Set a timescale for the duration of agency involvement to be reviewed and the return of requested work.
8. Receive and consider work submitted to the group in pursuit of completing a SAR, such as individual and or combined case chronologies, internal management reports and overview reports
9. Identify learning points from serious case reviews and oversee action in response to review reports
10. Ensure that learning from reviews is captured and embedded in the appropriate agencies, and reflected in training as necessary.
11. Clarify, advise and make decisions on the sharing, dissemination and publication of reports (in whole or in part).

12. Provide a quarterly report to the SAB on Safeguarding Adult Reviews undertaken/in progress and an annual overview report of all the reviews including learning points, trends and good practice identified.
13. Should it become known during a review that a referral should have been made to a professional body regarding an individual's actions; the most appropriate member of the SARG will make representations to the employing organisation for that referral to be made. If the employing organisation fails to make the referral or the SARG considers there is unnecessary delay then the Safeguarding Adults Board Manager, or other appropriate member will make the referral to the professional body on behalf of the SARG.
14. Create and maintain a pool of appropriately trained staff within each partner agency to undertake Safeguarding Adult Reviews.
15. Keep the East Riding Safeguarding Adults Review (SAR) Procedures under review, advise on its effectiveness and best practice in the conduct of safeguarding adult reviews (SAR).
16. It is the responsibility of the Safeguarding Adults Board Manager as outlined in the Care Act 2014 guidance to include details of any reviews undertaken in the SAB annual report.
